LEGACY XPR 6000 vs. XPR 7000e VALUE PROPOSITION

WHY UPGRADE FROM THE XPR 6000 TO THE XPR 7000e?

CAPABILITY	XPR6000	XPR7000e	VALUE PROPOSITION
29 Hour Battery and Extended Range	X	✓	Latest energy technology delivers up to 29 hours of battery life for 3-shift operation, and an improved receiver boosts range by up to 8%.
Intelligent Audio	X	✓	Automatically adjusts the radio's volume so users in a manufacturing plant will not miss calls in high-noise environments, and will not disturb others when they move into a quiet office environment.
Integrated Bluetooth® Audio	X	✓	Enables users to connect headsets and earpieces wirelessly enabling increased mobility/ safety and to converse discreetly. Bluetooth data connectivity enables wireless data transfer data between the radio and other devices such as bar code scanners, mobile computers and mobile printers.
Integrated Wi-Fi®	X	✓	Enables over-the-air programming via Radio Management and backup PTT via WAVE.
Five-Line Color Display	X	✓	Enables easy reading of menus and text messages.
Voice Announcement	X	✓	Audible confirmation of channel and zone changes, and convenient one-touch access buttons provide quick access to favorite features
Integrated Accelerometer	X	✓	Enables Man Down alarm and senses radio orientation and motion.
Indoor Location Tracking	X	✓	Enables power-efficient indoor tracking solution and is supported by standalone MOTOTRBO™ applications and third-party GPS Apps.
Improved Capacity, Coverage and Control	X	✓	Designed to support Capacity Max, MOTOTRBO's DMR Tier 3 compliant trunking solution, giving you the best coverage, capacity and control.
MOTOTRBO Essential Services	X	✓	Provides access to premium features, the latest software, and hardware repair services.
SINC+ Noise Cancellation	X	✓	Provides a more enhanced level of noise suppression for the loudest of environments.
